CEO's report:

Bryan D. Smith discussed his recent travel and the benefits of going on the Greater Lafayette Commerce fly into Washington DC. Connecting with our community members and legislators several relationships were formed, establishing this to be an annual trip.

This October is the APTA Annual Expo 10/8-10/11 any board members wanting to attend can take advantage of early registration and travel arrangements can be made.

Mr. Smith discussed the summer refresher training for operators. An intensive week long training desired from operations to safety to contribute to a company wide reset. A variety of topics will be covered such as properly curbing the bus and morning pull out procedures.

Bryan D. Smith discussed the need for mechanics and maintenance technicians. Will be working with Shawn Coffman for solutions and ideas on how to solve this.

Julie Ginn opened the floor to discussion.

Joel Wright inquired about new building space. Bryan D. Smith has worked with the county to a possible solution for building space.

Mr. Wright discussed the possibility of possible curb feelers for the buses. Bryan D. Smith ensures driver awareness will reduce likelihood of the issue of curb checking.

Tino Atisso will not be present for the next board meeting on June 28. He will return July 10th.

James Blanco inquires about the fall travel.

With no other business to be conducted, Julie Ginn made the motion to adjourn. Joel Wright seconded the motion. The motion carried by a vote of 7 ayes to 0 nays. The meeting adjourned at 5:38 pm The next Board Meeting #677 will be held on Wednesday, June 28, 2023, at 05:15pm.

Respectfully Submitted,

Michael L Gibson

CEO REPORT TO GLPTC BOARD OF DIRECTORS

MEETING DATE: 6/28/2023

CEO

As you read through this report, you'll see June has been a busy month. It is exciting to work with such engaged coworkers!

We received one proposal for vanpool services from Commute with Enterprise. I am working with them on the procurement process we follow for a single proposal and will have a contract by the July Board meeting.

We received the green light from the Attorney General's office for the NEORide agreement and have officially joined the NEORide council of governments.

In addition to contract discussions with Purdue for service this upcoming school year, we have been negotiating with Scion group, who manage the Lark, Alight, and Redpoint apartment complexes for service in the fall. We were also contacted by another management group for other apartment complexes in West Lafayette and have had a preliminary meeting to discuss possible service.

This all leads to budget season for CityBus. We must approve a budget at our August meeting to meet the September 1st deadline from the City of Lafayette. I will present the annual budget at the September 5th council meeting, there will be a public meeting October 5th, and final adoption by City Council on October 19th. It will be my goal to have a draft budget for review at the July board meeting, with a final vote in August.

FINANCE

- Continue to work with Crowe on annual financial audit-should be done by board meeting.
- Continuing work on federal grant consolidation and closeout
- Worked with FTA regional office to submit grant applications for lapsing 5339 grants.
- Negotiated with Avail on ERP system renewal and upgrade schedule. Cost reduced from their initial proposal.
- Finance audit of 2022 is being wrapped up. Two deficiencies found in the audit. One is related to incomplete procedure and/or lack of training due to finance team turnover in 2021 and 2022. The other is related to process change of payroll system to PayCom. The team is working on amending procedures to address audit findings.

HUMAN RESOURCES

- HR has onboarded six (6) new full-time Bus Operators who are currently in training.
- We've hired a Payroll & Benefits Specialist, two Executive Assistants/Project Managers, and a PM Street Supervisor
- We are currently accepting applications for A,B, and C Level Mechanics.
- Contracts for third party administrator for the FTA Drug & Alcohol Program, FMLA, and ADA have been completed and are slated to begin 7-1-23

MAINTENANCE

- Engine Rebuild for 4001 Complete.
- Engine repairs for 1701 complete.
- Accident repairs underway for bus 4012.
- New Ram Pro-masters arrived and work in progress for electronics for service.

OPERATIONS

- Operations is working with Training to accomplish Summer Refresher Training with all operators participating. This investment in operator skill and knowledge will assist us in accomplishing our retention goals.
- Operations departmental reorganization continues with the posting of select positions. Vacant Dispatcher and Supervisor positions have been filled by internal promotion. Ensuring an adequate administrative staff is available to direct operators in delivering outstanding customer experience safely and efficiently is critical.

CUSTOMER EXPERIENCE

- Bus stop improvement project at six locations across the service area in underway with the installation of shelters and ADA accessible amenities in the coming months. Additional improvements are being planned at various locations including the CityBus Center.
- Service Agreement negotiations with various community partners are underway with the goal of providing the best possible transit services to all those we serve while being good stewards of available funding.

SAFETY

- Executing a severe weather drill very soon
- Reviewing Notice of Proposed Rule Making which will require some changes to our PTASP

TRAINING

- Graduated a large class of new operators - 13
- Took all 7 new operator trainees successfully through the CDL skills test
  - All 7 are now in the final phase of training - cadetting with drivers on route
- Developed comprehensive refresher training week for all operators
  - Refresher training will run for 7 weeks
  - 15 Hours of driving instruction is included
  - Guest speaker, Charlie Vaught, Loss Control Expert with Gregory & Appel, will present each Wednesday
  - All operators will participate in a mini-roadeo course set up on property. This course acclimates operators to upcoming operational changes and also provides a challenging event to promote professional driving in a close quarter environment
