## COMMUNICATIONS & ANNOUNCEMENTS

## PUBLIC COMMENT

## REVIEW AND APPROVAL OF AGENDA ITEMS AND MINUTES

Mr. Tino Atisso moved to approve the agenda for Meeting No. 718, held on September 23, 2026. Mr. Ben Murray seconded the motion, which passed by a vote of 5 ayes and 0 nays.

Mr. Ben Murray moved to approve the minutes of Meeting No. 717, held on August 26, 2026. Mr. Tino Atisso seconded the motion, which passed by a vote of 5 ayes and 0 nays.

## OLD BUSINESS

## NEW BUSINESS

Mr. Bryan D. Smith presented a request to extend the consulting services agreement with Riley Kloepfer. Mr. Smith explained that Mr. Kloepfer was initially engaged to provide grant management support, assist with the implementation of NetSuite, and allow additional capacity within the Finance Department. The current grant consulting engagement is funded at $60,000 through the beginning of the year and will not exceed $90,000 through year-end. Mr. Smith further noted that the related RFP is due November 30, 2026, for services beginning in 2027.

Ms. Julie Ginn moved to authorize the CEO to sign Riley Kloepfer's contract extension for grant consulting services, subject to final legal review. Mr. Angel Valentin seconded the motion, which passed by a vote of 5 ayes and 0 nays.

The Board considered claims 42128 through 42226, totaling $586,838.15. Mr. Angel Valentin moved to approve the claims, and Ms. Julie Ginn seconded the motion. The motion passed by a vote of 5 ayes and 0 nays.

The Board considered payroll for August 1–31, 2026, totaling $858,180.05. Mr. Angel Valentin moved to approve the payroll, and Ms. Julie Ginn seconded the motion. The motion passed by a vote of 5 ayes and 0 nays.

The Board considered claim 42227 for $916,684.12 and claim 42228 for $23,703.94. Mr. Angel Valentin moved to approve both claims, and Mr. Ben Murray seconded the motion. The motion passed by a vote of 5 ayes and 0 nays.

## BOARD AND STAFF REPORTS (CEO REPORT)

CEO Bryan D. Smith reported that GLPTC has selected a new Chief Financial Officer, who will begin employment on October 5, 2026. A public announcement will be made in the near future.

Mr. Smith also discussed his participation in the Leadership Lafayette Class 56 Kickoff, noting the professional development opportunities and community connections that will be beneficial to both him and the organization.

## PUBLIC COMMENTS

## ADJOURNMENT

With no further business, Ms. Julie Ginn moved to adjourn the meeting. Mr. Angel Valentin seconded the motion, which passed by a vote of 5 ayes and 0 nays. The next meeting will be held on Wednesday, October 28, 2026, in the GLPTC Board Room at 1250 Canal Road.

Mr. Angel Valentin, Secretary
CityBus Board of Directors

10/14/2026
Date:

**Bryan and the City Bus Board of Directors,**

As I have reflected on the last 25+ years, I have found it difficult to put into words my sincere thanks for the partnership between City Bus and Right Steps. I have been part of this partnership from the beginning, so the impact of its conclusion is very personal to me.

From the beginning, this was an innovative partnership. Bringing together the need for quality childcare and reliable transportation provided an important service to families and to our community. Over the years, Right Steps and City Bus worked together to make this partnership successful and sustainable. Looking back, I feel an incredible sense of pride in what we were able to accomplish together.

City Bus' continued support of the childcare centers, including maintaining the buildings and keeping rent at a level that a nonprofit organization could sustain, played an important role in making this partnership possible for so many years. That support was never something we took for granted.

Over the last year, Right Steps has had to make some very difficult decisions. Childcare funding was dramatically reduced, families lost access to funding, state support for childcare programs changed, and our enrollment was significantly affected. At the same time, the cost of operating our centers continued to rise. The decisions we faced were not easy, and closing the Wabash Landing and Downtown sites were among the most difficult.

I truly wish we could go back two years and have our partnership continue as it had for so many years. But as many nonprofit organizations are experiencing, circumstances have required us to make difficult choices and rethink how we can continue serving our community.

Even though this chapter of our partnership has come to an end, I sincerely hope that it is not the end of our relationship. If opportunities arise in the future where City Bus and Right Steps can once again collaborate in ways that support children, families, and the Greater Lafayette community, I hope we can remain open to those possibilities.

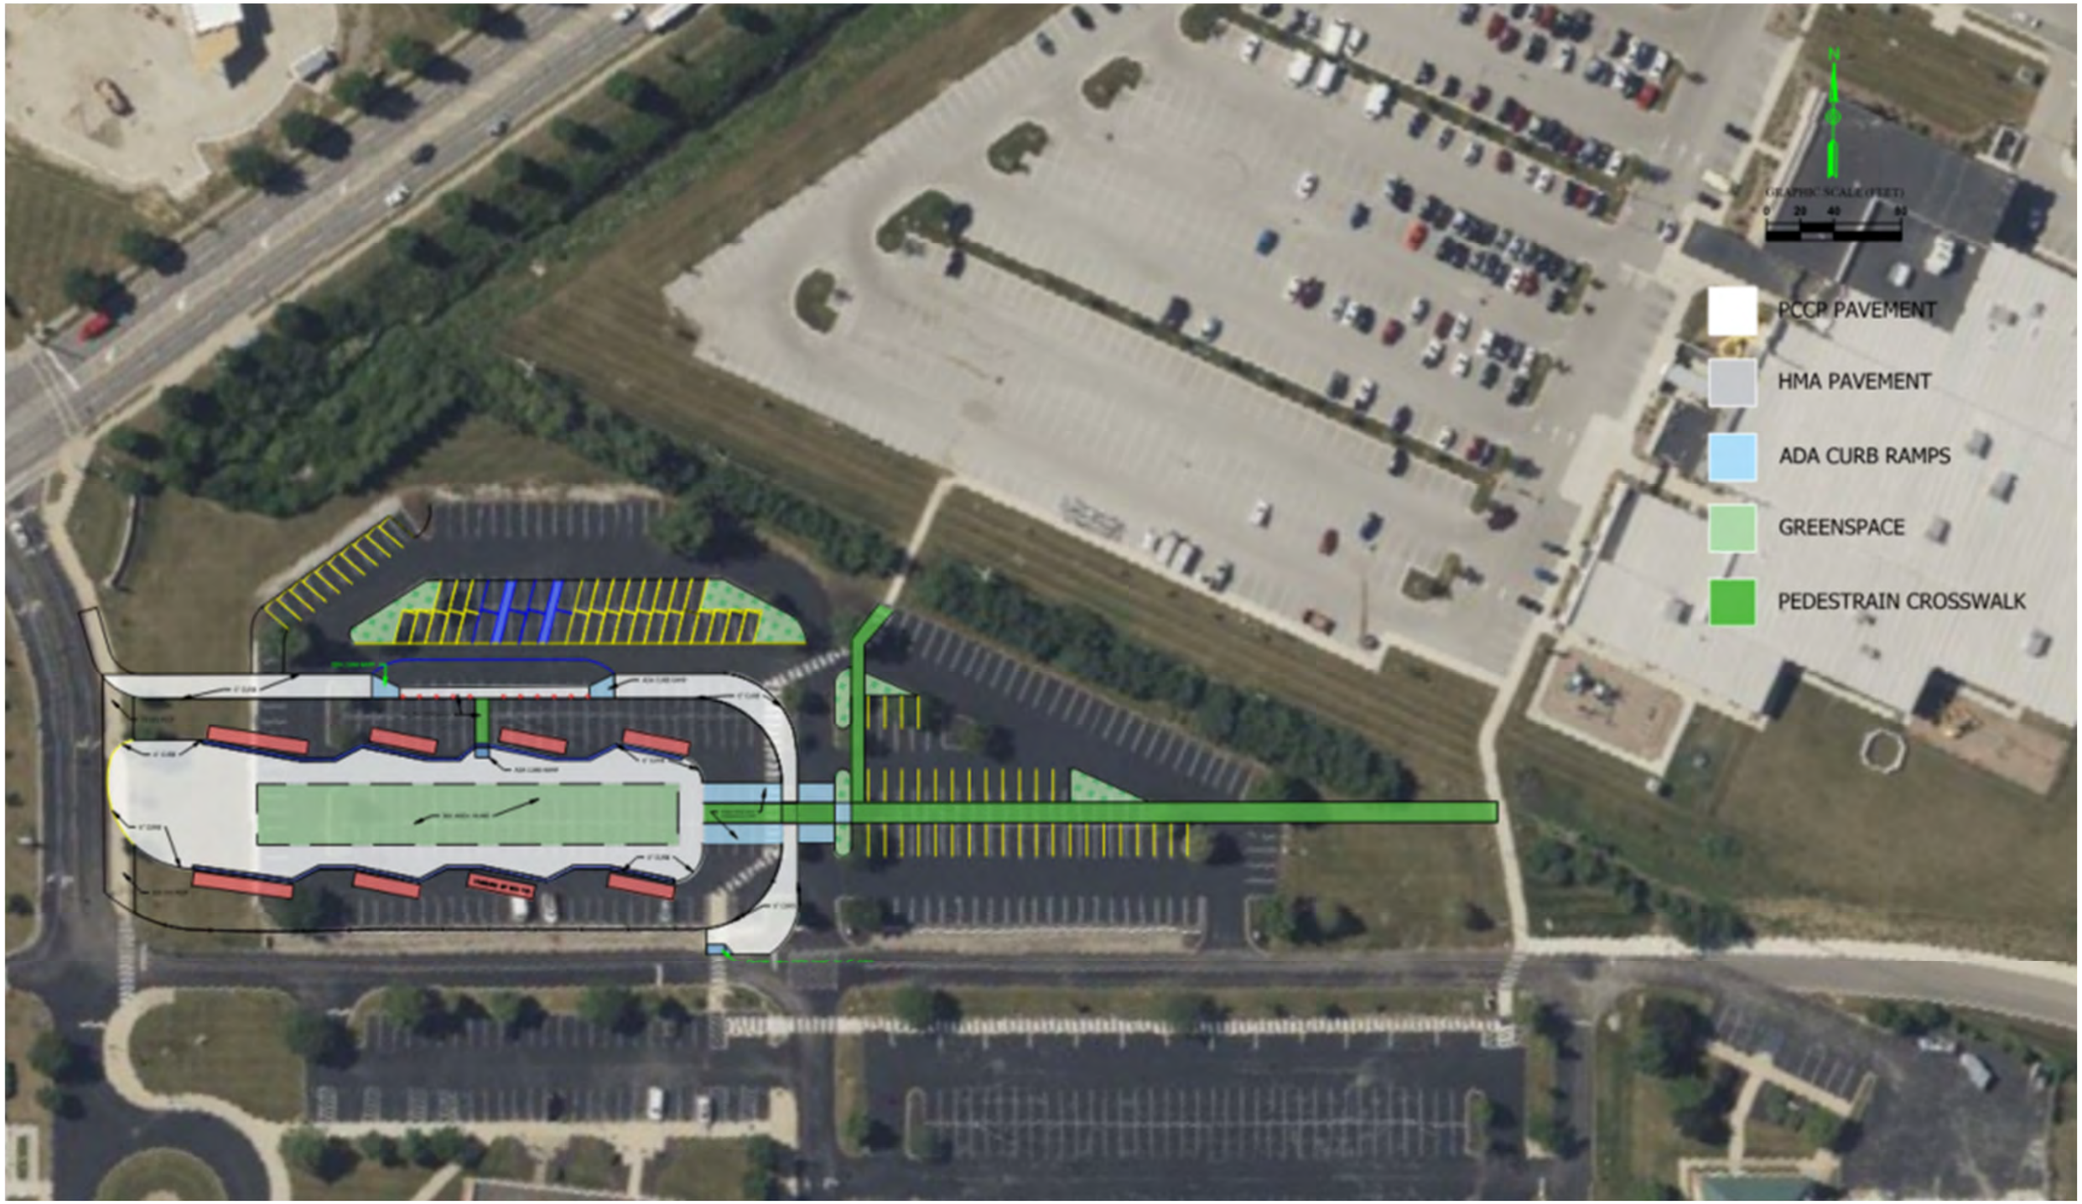

Bryan, I especially want to thank you for the kindness, help, and understanding you have shown throughout this process. You have been incredibly supportive as these difficult decisions were made, and I will always appreciate that.

Thank you to the entire City Bus Board and organization for everything you have done for Right Steps, for our staff, for the children and families we served, and for our community over these many years.

My hope is that, even as circumstances change, we can all continue finding ways to support one another and strengthen the Greater Lafayette area.

**With sincere appreciation,**

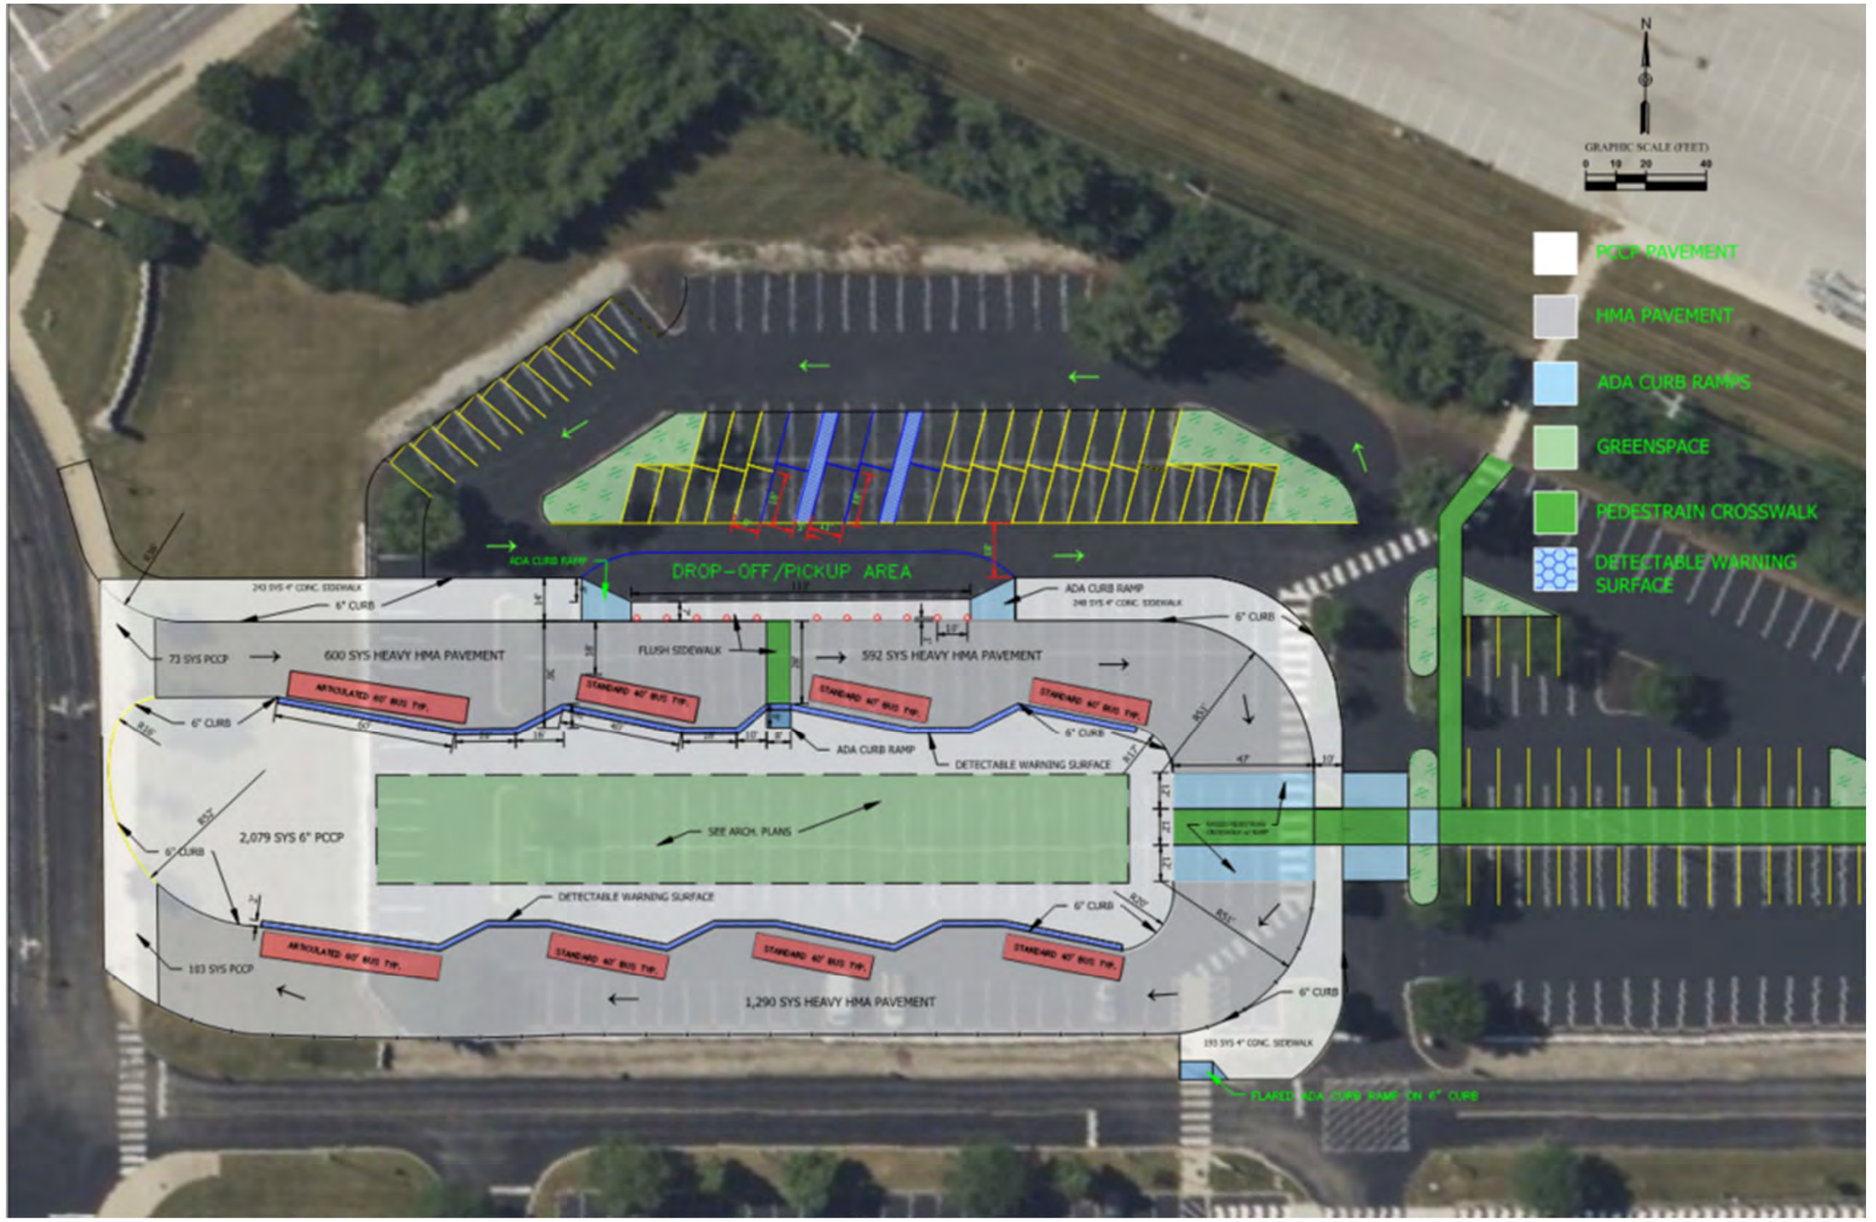

Tammey Lindblom

**RE:** Public Employees Retirement Fund (PERF) Agent Designation

---

The attached form from the Indiana Public Retirement System (INPRS) will change our designee for administration of the PERF program from our previous CFO to our newly hired CFO Paul Adeliyi.

This will allow him to do the administrative duties associated with managing our PERF plan. Any substantive changes to the plan would be brought to the Board for a vote.

I request the Board vote to grant the Board Chair Michael Gibson to execute the form.

**TO:** Board of Directors

**FROM:** Bryan D. Smith

**DATE:** October 23, 2026

**RE:** CEO Contract Renewal

---

Thank you for the opportunity to serve CityBus for another year.

I am proposing no increase in salary or benefits from my original contract and a one-year term for CY 2027.

This aligns with the 2027 budget that includes no cost-of-living increase for administrative employees due to our budget constraints.

My goals for 2027 are laid out below.

1. Finalize the balance of service on the road with the use of federal funds so that CityBus can forecast a steady number of hours of service and a balanced budget through at least 2030.

   ***Metric**: Presentation to the Board of a fiscally constrained operating and capital forecast by the March Board meeting*.

2. Improve employee retention, particularly in fixed-route operator position

   ***Metric**: A minimum of 3% increase in retention of fixed-route operators by the end of the calendar year.*

3. Complete an update to the Board Bylaws (from 1971) to meet modern practices.

   ***Metric**: Deliver to the Board a draft Bylaw plan ready for adoption by December Board meeting.*

4. Begin a long-range planning process to create a CityBus 2060 transit plan that will inform the Area Plan Commission's long range plan, and give us a roadmap to the future.

   ***Metric**: A qualified firm is under contract for this plan by August 31, 2027.*

**TO:** Board of Directors

**FROM:** Bryan D. Smith, CEO

**DATE:** October 22, 2026

**RE:** Adjustment to donation agreement with Lafayette Fire Department

---

As you may recall, CityBus donated a number of vehicles, both fixed route buses and paratransit vehicles, that were outside of their useful life to the Lafayette Fire Department (LFD) for training purposes. They are using them to train firefighters on vehicle fires, evacuation, etc.

We included a provision that the vehicles would not be re-titled for use on the road as part of the donation agreement.

LFD has identified a need for a vehicle capable of transporting groups of firefighters, and has requested to be allowed to re-title one of the paratransit vehicles for that use. The vehicle would need significant rehab to be road-worthy, but it would still be cheaper than purchasing a new one for LFD.

I believe this is still in line with the nature of the donation, as it helps LFD with a need. The vehicle is no longer insured by CityBus, and no liability will attach to CityBus if LFD were to re-title it in their name.

The attached contract amendment would allow LFD to re-title the vehicle so long as the CityBus logos (if any remain) be removed and that LFD properly register the vehicle for their use.

I request authority to execute the contract amendment as prepared by Board counsel.

**Placeholder for updated information regarding changes in donation terms for the vehicle donated to the Lafayette Fire Department.**

**RE:** Liability Insurance Renewal

---

The attached document is the renewal proposal from our broker, Gregory & Apel for liability coverage for our coverage year, which starts on 11/1/2026. This is insurance for our operations, property, and administrative duties.

The cost for coverage is $638,536.28 with an optional quote that I recommend for Public Officials Liability and Employment Practices Liability Insurance (EPLI) for up to $40,514. Combined these would be $679,050.28, however, there may be a discount on the base amount if we take the optional coverage.

This represents a potential of $75,013.68 more than the previous year, or 12.4%, if the optional coverage is selected. The 2027 budget, passed in August, for this line item is $853,874. This represents $174,823.72 under the approved budget.

I am requesting the Board grant me authority to execute the contract for an amount not to exceed $679,050.28. I will provide an update at the November Board meeting on the final cost.

***Friendly Reminders:***

- ***Gregory & Appel is not a professional appraisal firm. We cannot provide advice to our clients about the insurance value of their Property or Business Interruption exposures. We strongly recommend the services of a professional appraisal firm to establish appropriate insurance values for your Property and Business Interruption exposures.***
- ***A signed statement of values for business property and business interruption may be required to be on file if the policy is written with an Agreed Amount Endorsement. If no signed statement of values is forwarded to the underwriter, coinsurance penalties may apply.***
- ***If any occupancy in the insured buildings changes or if any building becomes vacant or unoccupied, please notify us immediately. A change of occupancy or a vacancy can trigger coverage changes in your policy which may restrict or eliminate basic coverage such as vandalism, glass breakage, attempted theft or theft (including theft of heating and air conditioning units and their materials). In addition, other causes of loss may be covered, but could be reduced by 15%.***
- ***In addition to other exclusions and limitations, your policy may contain exclusions or limitations for earthquake, flood, mold, pollution, and asbestos. Please read your policy carefully.***
- ***A property insurance endorsement that makes it a condition of coverage that the protective safeguards cited in the endorsement (such as an automatic sprinkler system or night watch guard) be in operation at all times except when the insurer has been notified of the impairment in protection. Failure to maintain the protective safeguards in good working order or failure to notify the insurer of even a temporary impairment in protection suspends coverage until the protection is restored.***

# Valuation Considerations

### *Coinsurance (Co-Ins)*
A policy provision requiring the insured to carry insurance equal to a specific percentage of the value of the property covered. The basic principal of property insurance is most easily expressed by this formula:

(amount of insurance purchased) x (amount of loss) = (amount paid) (amount required)

### *Agreed Amount (V)*
The Agreed Amount endorsement suspends the coinsurance clause after the insurance company and the insured agree that the amount of insurance carried on the property is equal to at least 90% of the replacement cost of the property.

### *Actual Cash Value (A)*
The Actual Cash Value is the current value of the damaged or destroyed property at the time of the loss less the depreciation of the damaged property (due to the age and condition of the property) at the time of the loss.

### *Actual Loss Sustained (L)*
In the event of a covered loss which suspends your operations, if you have purchased Loss of Income coverage with the Actual Loss Sustained feature, the insurance company will pay the actual loss of your claim in lieu of a pre-determined amount.

### *Functional Replacement Cost (F)*
Functional Replacement Cost is used in situations where replacing damaged or destroyed property is impractical or unnecessary. It affords you the ability to substitute property which is substantially different in value or cost from the original property. Consequently, you are allowed to carry policy limits lower than what would normally be required to rebuild your building.

### *Guaranteed Replacement Cost (G)*
Guaranteed Replacement Cost pays for the cost to replace or rebuild damaged or destroyed property without a deduction for depreciation and without a dollar limit.

### *Replacement Cost (R)*
Replacement Cost is the cost to rebuild or replace damaged or destroyed property without a deduction for depreciation.

***Friendly reminders:***

***Gregory & Appel is not a professional appraisal firm. We cannot provide advice to our clients about the insurance value of their Property or Business Interruption exposures. We strongly recommend the services of a professional appraisal firm to establish appropriate insurance values for your Property and Business Interruption exposures.***

***A signed statement of values for business property and business interruption may be required to be on file if the policy is written with an Agreed Amount Endorsement. If no signed statement of values is forwarded to the underwriter, coinsurance penalties may apply.***

***Friendly Reminders:***

***Individual state workers compensation laws vary. Notify us immediately if you have any employees who work (even occasionally) in a state NOT covered under Part A.***

***Officers in municipal corporations, charitable, religious, educational or other nonprofit corporations must be listed by name under the Workers Compensation policy in order to have coverage under the policy. This includes all executive officers who are employees of the corporation, or executive officers that are not employees if you wish for them to be covered under the worker's compensation policy. Executive Officers include president, vice president, secretary, treasurer, executive director or any other officer appointed in accordance with the charter or bylaws of the entity.***

## Workers Compensation Glossary of Terms

**Defense Base Act:** An endorsement that provides U.S. Longshoremen and Harbor Workers coverage to the employees of contractors performing work at domestic and foreign military bases scheduled on the endorsement.

**Foreign Liability:** Coverage for employees that are working in a foreign country on more than a temporary basis. It provides reimbursement for investigation, settlement, and defense costs incurred outside the coverage territory and should also cover:
Endemic Disease: Any disease that is: Infectious and recognized as a public health hazard; Restricted to a locality or region; and is not caused by or aggravated by the conditions of your employment. This coverage pays for the cost of medical care for such diseases.
Repatriation Expense: Pays the cost of returning the employee to the United States for treatment. It also pays for the repatriation of a body of an employee for burial when injury or illness has resulted in death.

**Monopolistic State:** A state that does not allow competition within Workers Compensation Insurance. Only a single State Fund is available, and all insurance is placed with or through that State Fund. These states include: North Dakota, Ohio, Washington and Wyoming.

**Second Injury Fund:** A State Fund that pays permanent Workers Compensation benefits to an employee who is totally or permanently disabled by a work event and also has a partial disability or injury that preceded the work event.

**Stop Gap Coverage:** This endorsement is used to provide Employers Liability coverage for operations that are conducted in a monopolistic fund state. It is necessary because Workers Compensation policies written by these state funds do not provide Employers Liability Coverage.

**U.S. Longshoremen and Harbor Workers Coverage (USL&H):** A federal act designed to provide compensation to an employee if an injury or death occurs upon navigable waters of the United States – including any pier, wharf, dry dock, terminal, building-way, marine railway or other adjoining area customarily used by an employer in loading, unloading, repairing, dismantling or building a vessel.

**Voluntary Compensation:** This endorsement is issued to provide Workers Compensation coverage for injured employees who are not eligible for mandatory coverage or whose status is doubtful. It is important to note that employees covered under this act may voluntarily reject the coverage and elect instead to bring a lawsuit against the employer.

**Waiver of Subrogation:** A waiver by the Named Insured giving up any right of recovery against another party.

***This page is for definition only. The coverages described above are not automatically included in your policy.***

## Conditions of Coverage / Items of Discussion

**Please Sign**: I acknowledge that the above items are required before coverage can be considered in force.

**OTRP** ***(GL/Auto/APD/POL)***:

- Increase in renewal premium attributed to increase in number of vehicles

**Accident Fund (Workers Compensation) quote:**

- The insured's mod increased from 0.70 to 0.72 (resulting in $2,300 increase)
- Per the carrier "insured is having an adverse term with $234,021 in incurred losses. Overall loss ratio since 2022 is 97%." (carrier decreased their scheduled rating credit by $6,300 this policy term)

**Chubb (Property) quote, per Underwriter:**

- Renewal premium increase is a result of adding the $6M Hydrogen Fueling Station
- Carrier revised Flood Coverage Zones in light of recent flood activity in the area

# Non-Admitted Carrier Notice

### *Notice to Insured:*

1. The insurance policy that you are applying to purchase is being issued by an insurer that is not licensed in the state of **Indiana**. These companies are called "Non-Admitted" or "Surplus Lines" Insurers.

2. The Insurer is not subject to the state financial solvency regulation and enforcement which applies to licensed insurers.

3. The insurer does not participate in any of the insurance guarantee funds created by law. Therefore, these funds will not pay your claims or protect your assets if the insurer becomes insolvent and is unable to make payments as promised.

4. Indiana maintains a list of eligible surplus lines insurers approved by the insurance commissioner. Ask your agent or broker if the insurer is on that list.

5. For additional information about the insurer you should ask questions of your insurance agent, broker, or surplus lines broker.

- **Notice to Tennessee Applicants:** It is a crime to knowingly provide false, incomplete or misleading information to an insurance company for the purpose of defrauding the company. Penalties include imprisonment, fines and denial of insurance benefits.

- **Notice to New York Applicants:** Any person who knowingly and with intent to defraud any insurance company or other person, files an application for insurance containing false information, or conceals for the purpose of misleading, information concerning any fact that material thereto, commits a fraudulent insurance act which is a crime. (Note: this notice is required by New York insurance regulations, but such action may also be a crime in other states.

- **FLORIDA FRAUD STATEMENT:** Any person who knowingly and with intent to injure, defraud, or deceive any insurer files a statement of claim or an application containing any false, incomplete or misleading information is guilty of a felony of the third degree.

### *Non-Admitted Carrier*

I understand and acknowledge that one or more of the insurance carriers my coverage is being placed with is a non-admitted carrier. I also acknowledge that Gregory & Appel cannot assume responsibility for the financial failure or insolvency of any insurance company or organization.

## About Gregory & Appel

Gregory & Appel was founded in 1884 when John J. Appel and Fred A. Gregory opened their Indianapolis firm in a rented office and a $7 desk. Since then, Gregory & Appel has become one of Indiana's largest insurance agencies with clients across the Midwest and around the world.

Gregory & Appel balances a rich history of hard work and professionalism with a commitment to innovation and creative risk management solutions. Our philosophy is an unrelenting commitment to superior service and continuous value-added offerings for our clients.

### *Expertise*

With more than 125 highly trained employees and more than $300 million in premium under management, Gregory & Appel serves across diverse industry sectors, including: education, healthcare, manufacturing, public entities, not-for-profit, professional services, technology, and numerous others.

Our knowledgeable professionals partner with clients to tailor their insurance solutions – no matter how simple or complex – to fit the clients' needs.

As a Gregory & Appel client, you can expect:

- A breadth of insurance services
- Exceptional service
- Excellent value
- Complete protection and peace of mind

### *Risk Management Approach*

The professionals at Gregory & Appel look at the big picture. We will recommend appropriate insurance coverages that address your unique situation. But first, our approach involves an initial assessment of your risk. Then we can help you develop a risk management plan that may include safety programs, risk transfer and other techniques appropriate to your needs – as well as traditional insurance policies.

In our presentation we intend to provide you with the best insurance coverage options. The amount of insurance coverage is your decision. We cannot recommend an adequate liability limit since it is impossible to predict potential judgments against you. We recommend purchasing the maximum coverage you can afford to protect your interests.

## Compensation Disclosure

As an insurance agency Gregory & Appel receives compensation from the insurance and surety companies we represent. The compensation received by Gregory & Appel may differ depending upon the products sold and the insurance or surety companies accepting the risk. Gregory & Appel may also receive additional compensation from some of its insurance or surety companies based upon the aggregate performance of all premiums written with a particular company. Any compensation received is not attributable to any one client and is not calculated or guaranteed until the end of a 1 to 3 year period. Profitability, growth, and premium retention are typical factors in these agreements.

## Auditable/Adjustable Policies

Many policies are subject to audit by an insurance company. If any coverage in this proposal is shown with a rate, it is auditable. Audits are completed by the Insurance Company coming to your premises and reviewing your books. However, they may also be done on a voluntary basis where you submit the figures to the carrier. In all cases, the insurance company makes the decision on which type of audit they wish to receive.

General Liability and Workers Compensation policies are typically adjustable on an annual basis. Other policies may be subject to audit as well (i.e. Auto, Marine, Composite Rated, etc.)

**CEO REPORT TO GLPTC BOARD OF DIRECTORS**

**MEETING DATE: Wednesday, October 28, 2026**

## CEO

This month included substantial progress on several initiatives that will shape CityBus financially and operationally over the next several years. My principal areas of focus included presenting the 2027 budget to Lafayette City Council, advancement of the permanent transfer center concept near Ivy Tech, starting the Operations and Fleet planning consultant work to improve processes and modernize the departments.

I also continued positioning CityBus's 2027 budget in the broader context of public transportation as essential Greater Lafayette infrastructure. The materials developed for the Lafayette City Council emphasize CityBus's community impact, responsible budgeting, service improvements, and the need for a sustainable state funding partnership.

The Ivy Tech feasibility study is near completion, with conceptual designs and a phased budget estimate for an eight-bay transfer center.

I am the current President of the Public Transportation Council of Indiana. We have completed a strategic plan that recommended rebranding as Move Indiana, changing from a 501(c)3 non-profit to a 501(c)6 advocacy legal entity, and hiring a contract employee to work as the Executive Director for Move Indiana. The PTCI board voted to approve these actions, and a subcommittee was created to hire the Executive Director.

I have also participated in strategic planning sessions with YMCA and Greater Lafayette Commerce for their respective strategic plans, as well as worked with the Area Plan Commission on the update of the 2055 long-range transportation plan.

## FINANCE

- NetSuite Implementation: The implementation workshop is currently on hold due to limited human resources on our side. The planned go-live date is planned on 4/1/2027.
- Grant Management:
  - We have submitted the application for the new Buses and Bus Facilities Competitive Program (Bus Program) and Low or No Emission Grant Program (Low-No Program). We should hear if we are successful or not by January 2027.
- Biennial Fixed Assets Audit:
  - The biennial fixed assets physical counting has been completed in September.
- CFO Work transition:
  - First Merchant Bank signature card has been requested to be updated.
  - The CFO bond insurance document is in process.
  - The PERF designation is on the October agenda.

## HUMAN RESOURCES

- Completed interviews for the next Bus Operator training class beginning October 26th, planning for a class of seven.

- Began transitioning FMLA and ADA administration to Principal Insurance, reducing costs while maintaining the same level of service.

**MAINTENANCE**

- 2403 ECM replacement
- 6007 Mid axle brakes and treadle valve
- 7006 Air Compressor
- 6001 torque rods

**OPERATIONS**

- Staffing problems such as recruiting, retention, and employee absences are causing operational challenges. To address these issues, the following projects are underway:
    - Two new bus operators that started training in August have completed training and passed tests for their CDL's. They are now "cadeting" with other operators and will be operating independently soon.
    - A new bus operator class will be starting October 26.
    - Working on an incentive program to reduce unscheduled employee absences.
- Collaborating with the Information Technology department to monitor and evaluate some on-time performance problems with certain routes.

**INFORMATION TECHNOLOGY**

- Finalizing parts migration to the new maintenance (RTAFleet) and finance systems (NetSuite).
- Attended the 2026 APTA TRANSform Conference & EXPO in Chicago, October 4-7. This was a great opportunity to see trends in transit technology and meet with subject matter experts and discuss challenges and best practices.
- Achieved zero employee clicks in the September phishing simulation, demonstrating strong staff awareness and application of cybersecurity training.

**CUSTOMER EXPERIENCE**

- Coordinated with Operations and Maintenance for transportation for The Feast of the Hunters Moon that took place October 24 and October 25th.
- Attended the 6th of 7 Douglas Eberle non-for-profit Board Governance Series Trainings on September 14th and will attend the last of the series on November 4th.
- Helping plan and finalize details for our Employee Appreciation Banquet being held on November 15, 2026 at the Stables Event Center.

**PLANNING & BUSINESS DEVELOPMENT**

- Attended the 2026 APTA TRANSform Conference & EXPO in Chicago, October 4-7, alongside CityBus colleagues. The conference provided valuable opportunities to learn about emerging trends and best practices in public transportation, with a particular focus on procurement processes, Title VI compliance, and industry innovation.
- Continued planning for CityBus's second Spanish-language Public Meeting, scheduled for November 10, 2026, from 4:00-5:00 p.m. at the Tippecanoe

County Public Library. The meeting will provide an opportunity for Spanish-speaking community members to ask questions about CityBus services, discuss route-related topics, and learn more about CityVan and travel training resources.
- Collaborating with Mental Health America - Wabash Valley Region to explore a peer support program that would provide outreach and assistance along CityBus routes.

**Safety & Security**

- Working on a final draft of a Trespass or Exclusion policy
- Working on a draft of a Flame-Resistant Clothing Policy for Fuel Handlers
- Working on final drafts of an Emergency Response Plan (ERP) and Hydrogen Safety Plan (HSP) for the Hydrogen Fueling station project
- Preparing for the annual safety recognition banquet
